

## DOQSS WORKING PAPER SERIES

### SUBMISSION GUIDELINES

1. Papers should be submitted in pdf format.
2. Please notice that it is the author's responsibility to check that all aspects of the paper display correctly in the pdf file they submit, including tables, equations, space, and footnotes (make sure all fonts are embedded).
3. Submitted papers should begin with the introduction (please do not include a front page, nor title, nor author(s) name, nor abstract, nor acknowledgments). Papers should simply start with the Introduction, marked as section 1, in the first page.
4. The first page should not be numbered. Page numbers should appear on the top right hand side, starting with number 5 in the second page.
5. References should appear before Tables, Figures, and Annexes.
6. In a separate text file (can be word file, or simply text in an e-mail) send title, author(s) name, author(s) affiliation and address, abstract, JEL codes, keywords, and acknowledgments. Make sure to include the e-mail address of all the co-authors.
